

THE LAST WEEK

ALTERNATIVE SPORTS DAY - WATER FUN

Last Thursday we had splashy, mashy fun. We went out for silly races and took our water guns with us. After racing across the wet tarpaulin we got to do a water fight. Everyone (including the teachers) was soaking. It was great. **Ross Turpin, Cameron Dorgan, Joel Price.**

What an hilarious afternoon! The best part was when Mr. Bentley went up on the roof with a bucket of water that he tipped over Miss Sutcliffe below. She looked like a drowned rat! Sliding on the tarpaulin was fun but the highlight was the water fight! **Yr 3**

On Thursday Amy and Will were the head for the day. We had lots of treats. In the afternoon we had a massive water fight, it was amazing. We did running and skipping races. Mr Bentley poured water on Miss Sutcliffe from the top of the school. **Jessica Janvier 4G**

ENVIRONMENT DAY—"DENS IN THE WOODS"

Woody, muddy fun. In the afternoon we went to build dens in the woods. It was pouring with rain and everything was soaking—this made a great mud slide. Year 4's tried to steal our sticks but we fought them off! We want to do this again soon. **Jack Egglesden, Sukhbir Singh, Charlie Worth & Sam Forrest.**

Pupils in Years 7 & 8 braved the weather last Friday to take part in another successful Environment Day. Pupils were involved in a number of objectives for the day:

- to improve the enclosed garden area;
- to create an orienteering course in the school grounds;
- to create habitats for wildlife;
- to create sculpture from environmental materials.

An enjoyable day was had by all. Thank you to the staff involved Mr Roberts, Mrs Marfany, Mrs Howarth & Mrs McWilliams. **Mrs Taylor**

Environment Day was great fun! We made a mini beast mansion and were pleased that residents started to move in immediately - Mog the Frog and Sid the Snail being the first! We also made pet logs, which we are pleased to report are very well behaved! The sonic explorer came in handy for listening to the birds and the rain in the trees! **Year 3**

We were all very excited and happy. I wish I could say the same about the weather. First our class got their booklets. After that we made a bag and then we went into the woods. We saw Year 2 making their dens and they said they would help us later but they never came. Maybe they thought it was too wet and I don't blame them! Next we made our log animals. We went back to our dens to play and finish them but they weren't there. We found out Years 5 & 6 had pulled them down but we forgave them. I would like to say a big thank you to Mrs Graham. **Annabelle Boyle 4G**

THE LAST WEEK Cont/.....

AMY HOUSEWINE! CAME TO VISIT OUR PARTY IN THE PARK

PARTY IN THE PARK

Never ending fun. Brilliant atmosphere. We ate too many burgers. The dancing Heads were a real laugh. We all had a go. The boat ride was fun. We all tried to get leaves off the trees as we went past. It was a brilliant afternoon. **Kane Fuller, Ben Sephton & Ross Turpin**

This was a new experience. The best part was the Dancing Heads because it was funny to watch the different costumes. Kieran thought it was funny when Connor had his hair curled. We enjoyed listening to Robbie Williams and the

Kitty Cat Dolls. We tried to do the dance with Wiggy and we think we did quite well! We also enjoyed the ride in Mr. Morgan's boat. **Year 3**

On Tuesday we went on our school field and held a party. There was a stage and a boat rides and other exciting things to do. First Robbie Williams came on the stage, then Kylie Minogue and lots of other singers. It was fantastic. I didn't want it to end. **Anna Jordan 4G**

On Tuesday we had a Triathlon followed by the Party in the Park. The Party in the Park was really good. The dancing heads were funny. You sat behind a board did something on a computer that made the computer dance for you. The Kitty Cat Dolls came and they were very good. I had a boat ride. It was an excellent day. **Raj Uppal 4G**

BIATHLON

Loads of fun on bikes and running. Our legs felt like jelly when we got off our bikes. Hard, but the adrenalin kept us going. When we finished we collapsed on the floor. **Ross Aylmer, Ross Turpin & Alex Norman.**

On Tuesday we took part in the mini Triathlon. We all brought bikes into school. The swimming was cancelled because of roadworks outside the school. So then we just did the cycling and the running and it became a Biathlon. It was very tiring. I came second in the class. I enjoyed it and I hope everyone who took part did as well. **Greg Halliwell 4G**

THE LAST WEEK Cont/....

MASTERCHEF COMPETITION

Since the examinations Year 9 have been working on the annual Masterchef competition. This year the topic chosen was a two course meal from a country of their choice. Heats were held and the following six finalists prepared for the event, Leoni Edgar, Aaron Vaight, Robert Rhys, Gina Jerram, Alex Kirk and Rachelle Booth. The final was held on Friday 3rd July, the judges were Mr Jim Sines from Master McGraths and Mr & Mrs Morgan from Morgan Kitchen supplies. The overall winner was Aaron Vaight and joint second were Robert Rhys and Alex Kirk. Very well done. **Mrs Joyce**

SAILING LESSON

Saturday morning we went to the West Lancs sailing club. When we arrived we met the instructor. She told us to set up the sailing boats that we were going to use for the sailing lesson. There were 6 sailing boats that we used. When we put the boats together, we dragged them down the slipways. After we climbed in we set sail. We were sailing for 4 hours on the Marine Lake in Southport. It was great fun. Everybody got wet except for Ellie, she capsized and got drenched. Matty and Ellis were in a sailing boat together. They were going so fast that loads of water came in the boat. Ellis was sitting at the front of the boat sitting in a foot of water. The boat was sinking too! They struggled to get to the dock because of the amount of water in the sailing boat! Victoria and Ellie went in a sailing boat together. They kept swapping who steered the boat and kept banging their heads on the sail. After the sailing lesson they went on the motor boat. **Victoria, Matty, Ellis and Ellie 4G**

RECEPTION TRIP

Last Thursday 2nd July Reception went on their trip to Manchester Science Museum. We had a fabulous day out! We enjoyed exploring and investigating in Experiment and going on an adventure into space in the Planetarium. We enjoyed looking at the stars, moon and sun. It was a thoroughly enjoyable day! **Mrs Procter**

Thank you for all the kind thoughts, messages, cards and presents I have received from pupils, staff and parents over the last few days. I am leaving with happy memories and I wish you all the best for the future at Kingswood College.
Mrs P Makin
